

# FENCE-PRO Ultra G2

*“Takes the strain out of fencing”!*

# FENCE-PRO Ultra G2

## Standard Features

- 4.5m hydraulic hinge mast
- 6 Bank Valve (2 spare)
- Hydraulic toplink and side tilt
- 250 mm mast shift
- 270 kg block with nylon slides
- Height adjustable feet
- 75 mm diameter mast pivot
- External pressure relief valve

## Options

- 295 kg and 330 kg block upgrade
- 420mm and 900mm side mount unit
- 4.8 m Hydraulic hinge mast
- Rock Spike Extractor system (RSE)
- Hydraulic auger system to fit RSE
- Hydraulic auger system without RSE
- Ultra hydraulic post lifter
- Ultra sidemount leg roller

The Ultra G2 has a compact transport position, and the mast is quick and safe to fold.

A new option is the hydraulic operated RSE which is mounted on the tractor side.

The Ultra G2 RSE now has three mounting options available;

1. Operators side manual swing
2. Operators side hyd actuation
3. Tractor side hyd actuation

The Fence-Pro Ultra G2 has proven to be the professional fencing contractors first choice of post driver. This is mainly due to the fact that difficult fencelines are handled with ease and safety and posts are quickly and accurately positioned.

The vast number of options available for the Ultra G2 means each operator can set up the rig to suit their fencing style and local terrain and soil types.

The Ultra G2 is capable of extreme mast angles, for steep country. For more information, contact the FENCE- PRO team directly.
