- 420mm side mount unit
- 900mm side mount unit
- 4.5m manual hinge mast
- 4.5m hydraulic hinge mast
- Hydraulic auger system
- Farmtek hydraulic post lifter
- Farmtek sidemount leg roller

**Note** Farmtek in photos is shown with optional sidemount unit (SM900), 5 bank valve, and post lifter

The Farmtek post lifter is ideal for farm maintenance and replacing damaged posts.

The Farmtek is a compact post driver that is safe and easy to use, yet capable of high workloads.

The Farmtek mounted to the Sidemount 900 unit makes post placement quick and accurate. A complete fencing solution!

Farmers love the versatility of the Farmtek. They can mount it directly behind the tractor or on the SM900 sidemount unit.

The adjustable feet allow them to get extra drop height for strainers and the hydraulic operation is simple and safe to use.

The Farmtek thrives on hard work and is extremely durable, aided by thorough sandblasting and an industry leading paint system.
