

Cabe TNX

Mulcher

Double replaceable bolted inner skin & Hydraulic side shift standard features.

**Heavy Duty Cast
Hammer Flail
Bolts and Lugs.**

**Spiral Flail
pattern for easy
feed of pruning's.**

**Pruning Rake
Restraint for a
finer finish.**

Rear door that can easily be adjusted open for maintenance mowing and closed for mulching.

Side Protection bar, to minimise damage from Deadman and tiebacks.

Large Diameter Stub less Roller, with easy height adjustment

Very compact design compared to all other makes. This means the weight is carried closer to the tractor, putting less stress on the tractor during transport.

**Heavy Duty Belt drive
with auto tensioner.
This keeps constant
tension on the belts
regardless of load.
Resulting in longer
belt life and lower HP
requirement.**

**Cane Deflector
HD Flaps
Belt Guard Skid
All Std. Features.**
